Neighborhood Open Houses

We're preparing a **new zoning ordinance** to shape Buffalo's future. It's designed to build on the **land use plan** that was developed last year, and to make our **shared vision** for the city a reality.

The zoning ordinance contains the specific and detailed laws that will govern development in our city. Please join us at an upcoming Open House to learn more about how this will **benefit your neighborhood** and let us know what you think.
